About Uttarakhand University

The Uttarakhand University was established in 2013, vide Uttarakhand University Act, 2012 (Uttarakhand Act. No. 11 of 2013) as a private university in Dehradun, the capital city of the Indian state of Uttarakhand. The Uttarakhand University has been recognized by the University Grants Commission, Government of India under Sections 2(f) and 12(B) of the UGC Act, 1956, and other statutory bodies of the State and the nation.

The University has been accredited with the prestigious A+ Grade (CGPA of 3.30 on a 4-point scale) by the National Assessment and Accreditation Council. Uttarakhand University is the first University in the State of Uttarakhand to receive a "NAAC A+" Grade in the first cycle of Accreditation.

The prestigious accreditation by NAAC to Uttarakhand University has been awarded for the way we support our students in Curricular Aspects, Teaching-learning processes, Research, Innovations & Extension, Infrastructure, and learning resources, Student Support and Progression, Governance, leadership, Management and carrying forward the legacy of the institutional values and social responsibilities through a plethora of societal outreach activities and events in alignment being a philanthropist.

As a university, we are committed to pursuing its mission of service to be a world-class university through continuous innovations in education, research, creativity, and entrepreneurship to have a transformative impact on society.

The University is looking forward to the solutions for societal problems, aligning with the Industry 5.0 vision and the United Nations agenda for Sustainable Development Goals. Industry 5.0 is where humans work alongside robots and smart machines providing a human touch to Industry 4.0. It's about robots helping humans work efficiently by leveraging advanced technologies like Internet of Things (IoT), and big data. Our motto is to implement Industry 5.0 in different domains of studies including Law, Engineering, Computing Sciences, Management, Humanities & Liberal Arts, Applied & Life Sciences, Agriculture, Pharmacy, Hotel and Hospitality Management, Journalism & Mass Communication, Nursing and allied Health Sciences.

About Law College Dehradun

the year 2002, as the first independent Law College of Uttarakhand. The college was the visionary project of its founders along with their plenipotentiaries from across the academic spectrum. Within a short period, the college registered its reckoning presence, becoming one of the most sought-after destinations in the field of legal education. The college which was initially affiliated with Hemwati Nandan Bahuguna Garhwal Central University became a top spot, producing a series of gold medalists and university merit holders. As luck would have it, Law College Dehradun reached its practical zenith through its merger in the form of Uttarakhand University in 2013 with the passing of the Uttarakhand University Act, 2012.

The College inhabiting more than 2000 students on its roll reflects Indian Diaspora, as its composition resonates with the voices of almost all the states of India. The college as a lex matrix and an institutional paragon provides complete legal education under a single roof which includes five-year BA. LL.B. (Hons.) and BBA.LL.B. (Hons.), three-year LL.B. (Hons.), LL.M. & Doctoral program in law.

About the Conference

Law College Dehradun, Faculty of Uttarakhand University is hosting a two-day National Conference on InnoSustain 2.0 "Integrating Environment, Human Rights, Climate Change and Technology: Innovative Pathways to Sustainable Futures" through Hybrid mode. This comes as a sequel to the Two-day National Conference "InnoSustain 2023: Pursuit for Sustainable Development Goals", sponsored by UCOST and witnessed an astounding response in every sphere. The core agenda of the conference is to develop an approach that looks to balance different and often competing, needs against an awareness of the human rights, environmental, social, and economic limitations we face as a society. This premier conference aims to unite experts from diverse fields to explore and provide solutions for a sustainable world. The conference intends to provide a forum for academicians and researchers from various disciplines working towards human rights awareness and making our planet sustainable. This conference assures to provide a platform for researchers, academicians, and students to showcase their innovative and intellectual property, and explain and share their innovative practices, knowledge, and initiatives toward sustainable development goals. The conference is focused on addressing R&D challenges related to specific stages of innovation in sustainability and, undertaking joint/collaborative activities leading to R&D, institutional capacity building, and entrepreneurship development. One of the most important objectives of the conference is to create new contacts, put ideas forward, and gain immense knowledge from the experts in various domains.

The Conference is scheduled for 2 days and distributed in 06 scientific sessions during which 6 overarching themes will be discussed. Further, 4-6 parallel sessions will discuss the subthemes in depth. Other features will include various Speakers, and paper presentation sessions that will be selected by a high-level scientific committee through an open call.
